FACTORY

NF

KİMYA is established in July 2009 relying on the experience we have gained in world-leader companies on the marketing of textile and dyeing auxiliaries. She has been serving the textile industry in Turkey by continuing her activities in a 6000 m² covered facility in a 10.000 m² land at Denizli Industrial Zone with a production capacity of 3000 tons per month. NF Kimya, targeting mainly the companies in the Aegean Region, has spread her distribution network all over Turkey in a short period.

CLASSIFIED STORAGE

NF Kimya, adopting continuous innovation and development has been increasing her solution oriented service opportunities in own laboratories by investing in Research & Development and production. NF Kimya provides the fastest and suitable services to its customers.
